The Shelley Gautier Para-Sport Foundation is excited to announce that para-cycling equipment is now available for use in the Niagara Region at no cost to participants. Working with the Brock-Niagara Centre for Health and Well-Being, hand cycles and tandem cycles are now available and all ages and experience levels are welcome.

The Shelley Gautier Para-Sport Foundation is committed to providing programs and equipment for persons with disabilities, to enable them to become more active and enjoy the benefits of regular physical activities.

Special thanks to the Brock-Niagara Centre for Health and Well-Being for this partnership and special thanks to the Ontario Trillium Foundation for providing funding with one of its Seed grants, a grant worth \$75,000 over one year that was made in November to get this program into Niagara, Hamilton, Brantford, and Ottawa. We are pleased to be working together to benefit residents of the Niagara Region.

The Shelley Gautier Para-Sport Foundation supports persons with disabilities (PWD's) through sport and helps existing community sport and recreation facilities develop para-sport programs. Did you know that 20% of the total population is a member of the PWD community? Further information on the Shelley Gautier Para-Sport Foundation can be found at www.sgpsf.ca.

The Ontario Trillium Foundation (OTF) is an agency of the Government of Ontario, and one of Canada's largest granting foundations. With a budget of over \$136 million, OTF awards grants to some 1,000 projects every year to build healthy and vibrant Ontario communities.
