Highway to Health is a brand-new travel documentary show that explores and celebrates the world of health and the people that practice and promote it in their communities.

Last summer, Colin Scheyen and Ben Sit from Bell Fibe1's Highway to Health, visited Niagara to film and interview Shelley Gautier for their first show. Shelley, the Director of The Shelley Gautier Para-Sport Foundation, was able to ride her trike and talk about the benefits of an active lifestyle. Highway to Health will premiere this fall on Monday, November 19, 2018.

Launch Party & Premiere Screening

Highway to Health is hosting a Launch Party & Premiere Screening on Sunday, November 18 at 11:00 am – 3:00 pm at the Northern Maverick Brewing Co., 115 Bathurst Street in Toronto, Ontario. Admission is \$10 online, \$15 at the door. Funds raised will go to the Shelley Gautier Para-Sport Foundation to purchase recreational equipment for those living with disabilities. Drinks and appetizers will be available for purchase, a portion of the monies made will also go to the foundation.

Cycling Canada and the Canadian Paralympic Committee will be in attendance, along with World Cyclist Gord Singleton. Gord will be presenting Cycling Canada's new award the "Inaugural Perfect Season of the Year Award 2018" to Shelley Gautier at the Premiere.

Partnership & Special Thanks

We are extremely grateful to Colin Scheyen and Ben Sit from Highway to Health and Bell Fibe1 for their support.

Brock University

The Shelley Gautier Para-Sport Foundation now has an agreement with Brock University's Brock Niagara Penguins loaning them more than \$50,000 worth of para-cycling equipment to bring recreational cycling to persons living with a disability in Niagara. Some of the funds raised at the Toronto fundraiser will help provide more equipment for the Penguins para-cycling programs.

All are welcome to attend the event on November 18, 2018 at the Northern Maverick Brewing Co. in Toronto. Thank you for supporting The Shelley Gautier Para-Sport Foundation. You will make a difference in the lives of people living with disabilities. Venue is fully accessible.
